Publisher Don Graham has released his second issue of "**Kustom & Hot Rod Models**" magazine. Once ordered online, the issue is mailed to you in all it's high color glory. (For convenience they accept both credit cards and Paypal).

Kustom & Hotrod Magazine sticks to it's core, featuring rods of all kinds (I personally like the Rat Rods) and 1950's / 1960's Customs in model form. It has a personal feel to it, featuring model builders from all over the world, sharing their thoughts and tips on cars and models. But it's not just writing on and on, there are a ton of color images to wet your appetite, to where you want to grab a kit off your shelf and start building now!

With 32 pages, it's a good size mag. And with it's standard 8.25" x 10.75" size, there are no cut corners on substance. There's a lot of work, sweat, and grease that goes into every issue, and it shows. If you like the **Old School Rods** and Kustom models, this is for you!

Another plus for this magazine is: there are NO ADS !
